PROFESSIONAL SUMMARY

Supply Chain professional with an MSc in Supply Chain Management and UK FMCG experience in supply planning, material planning, and inventory management. Experienced in S&OP, demand forecasting (MAPE/BIAS), supplier management, and production coordination across 150+ SKUs. Proficient in Excel, SQL, Power BI, and ERP systems (Sage 1000, Reflex) for planning analytics and decision support. Delivered £50K cost avoidance, reduced packaging waste by 12%, and supported 92–94% OTIF performance through data-driven planning and inventory optimisation.

PROFESSIONAL STRENGTHS

- **Planning & Forecasting:** S&OP | MRP & Material Planning | Demand Forecasting (MAPE/BIAS) | Capacity Planning | Replenishment Planning.
- **Inventory & Cost:** Safety Stock Modelling | Working Capital Optimisation | Inventory Cost Avoidance | FEFO/FIFO Stock Rotation | Lead Time Reduction.
- **Analytics & Reporting:** Advanced Excel (VBA/Macros) | SQL | Power BI | ERP: Sage 1000 & Reflex | SAP (Functional) | MIS Dashboard Development.
- **Cross-Functional:** Supplier & Vendor Management | Procurement Coordination | Stakeholder Management | Root Cause Analysis | KPI Performance Tracking.

WORK EXPERIENCE

SITE MATERIAL PLANNER — VALEO FOODS UK, YORK & PONTEFRACT, UNITED KINGDOM (06/2024 – 04/2026)

- **Developed master production schedules for 150+ SKUs**, aligning demand forecasts with supplier capacity and lead times.
- **Led material availability planning within the S&OP cycle**, converting demand decisions into executable supply plans.
- **Managed 70+ suppliers (20+ international)** across raw materials and packaging, balancing shelf-life and capacity constraints.
- **Built Power BI/SQL dashboards** for forecast accuracy and supplier OTD, **delivering £50K cost avoidance and 12% waste reduction**.
- **Coordinated new SKU onboarding** across procurement, production, and logistics to ensure on-time launch delivery.
- **Tracked inbound shipments against production schedules**, supporting 92–94% OTIF through early-warning alerts.
- **Executed supply planning in SAP MM and Reflex ERP**, achieving 98–99% order accuracy.

INVENTORY CONTROL (SHIFT MANAGER) — BP – MARKS & SPENCER, CHELMSFORD, UNITED KINGDOM (09/2022 – 06/2024)

- Managed high-volume retail inventory operations, focusing on fulfilling demand and maintaining precise stock accuracy.

- Drove a zero-waste effort that reduced perishable food waste by 15% through better stock rotation (FEFO) and smarter ordering.
- **Trained and supervised a team** of more than ten staff on inventory best practices, ensuring full compliance with data entry and stock logging standards.
- **Achieved a 90%** service performance score by leveraging real-time demand data to optimise on-shelf product availability.

EDUCATIONAL QUALIFICATION

MSc Supply Chain Management (09/2022 – 01/2024)

Anglia Ruskin University, Chelmsford, Essex, United Kingdom.

Grade: Merit (68%)
